

## PODCASTS

20 OCTOBER 2020

Private Equity has been a vital and large source of capital for the global commodities sector in the wake of the global financial crisis. It has built significant wealth for investors and individuals. However, it has also brought debt, governance and operating model changes.

It has also brought losses as investors and investments have been challenged, and even surprised, by the risks in commodities. Furthermore, it may also be facing an industry reckoning of epic proportions in the shale industry. Joining us to discuss PE is David Port, a partner at TDI Capital advisors, and commodities market veteran.

### The HC Insider Podcast

Each day, around the world, we have fascinating one-on-one conversations with our connections. Our collaborators are uniquely informed, creative and inspirational in their fields. We want to provide our community a seat alongside us, listening in to these conversations in that special way podcasting provides, as we tackle topical and people

related issues with the leaders and leading minds in our sector.

This article was produced as part of HC Insider. HC Insider is Human Capital's dedicated media service. In addition to providing subscribers with relevant and informative editorials, we also report on people moves in the energy and natural resource world.
